# Beauty

The poets have a lot to say about beauty. It's only skin deep. It's in the eye of the beholder. And it's a joy forever. Lovely thoughts, but let's face it, beauty is something we all strive for. It's individual. And it's waiting for you at Beaucage. Whether you're yearning to find the life-long beauty within or simply need to look drop-dead gorgeous for one special night, we're here for you. We'll caress your tresses. Rejuvenate your skin. And bring a glimmer to your toes. Spend an hour, spend the day. Tell us your poetic definition of beauty and we'll help you bring it to life.

# Hair

In every man's heart there is a secret nerve  
that answers to the vibrations of beauty.

CHRISTOPHER MORLEY

For many of us, our hair is our calling card. It's the one thing we can color and cut and style and shape 'til it shouts, "this is who I am." Until we change our mind...and start the process all over again. Like you, Beaucage stylists—artists, really—are passionate about hair. Using only the finest products, we create "portraits" that fit the person, the occasion, the attitude. And if your hair needs a little TLC first, we'll correct what's been damaged and prevent future problems with nourishing, state-of-the-art treatments. Wavy or straight. Sweet or sexy. Classic or chic. Whatever mood, style, or stage you're in, we'll create the look you've always dreamed of.

Dozens of extensions are applied to your hair in layers or one length to achieve a perfectly natural look! You can curl your hair, color it and style as you would your own hair. Extensions are priced after a consultation with a trained stylist.

*hair extension removal starts at 120 per hour*

### PERMANENT WAVES

Perms can be fine-tuned to give you exactly the kind of wave you want. You can get perms that just add body to fine, limp hair, you can get loose, sexy waves or you can go for the corkscrew curls that many straight-haired girls covet.
